TURN YOUR MATERIALS INTO MONEY

DOMINATE YOUR JOBSITE WITH A MOBILE
SCREENER THAT WORKS AS HARD AS YOU!

RUBBLEMASTER.COM

MACHINES THAT MAKE YOU MORE MONEY

THE MOST VERSATILE AND JOB-FRIENDLY MOBILE PROCESSING EQUIPMENT AVAILABLE

Since 1991, our products are used by the most cutting-edge contractors and aggregate producers worldwide while being the #1 choice for those brand-new to processing. We look at crushing and screening in its entirety and design best-in-class every step of the way.

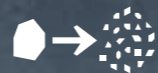

SOILS & ORGANICS

Turn inert soil into a screened topsoil commodity

MINING

Rock, ore, tailings, and overburden screening

AGGREGATES

Produce high-quality aggregates from crushed material to sand & gravel

DOMINATE YOUR JOBSITE

LET RUBBLE MASTER TAKE YOU THERE

At RUBBLE MASTER, we understand a smooth operation equals more profit. That's why our mission is to help you dominate your jobsite. No more losing money to high operation costs, buying additional material, or wasting time with traditional material disposal processes. Instead, you take back control of your operations and get the job done right.

MAXIMIZE PERFORMANCE

Our mobile screens provide the best throughput capacity in their class without sacrificing mobility. Do more, more efficient.

EASY TO PAIR WITH ANY CRUSHER

Our mobile screens are designed for a smooth material transfer to build aggregate systems quickly and easily.

TRUST YOUR GUYS AROUND THE MACHINE

We make material processing easy so you can put any operator on our machine with confidence.

GO ANYWHERE, ANYTIME

RUBBLE MASTER machines are designed with mobility in mind, giving you the freedom to move anywhere, anytime.

SCALPER SCREENS

POWER THROUGH THE TOUGH STUFF

These high-capacity machines designed for heavy-duty screening, are perfect for **construction & demolition, organics, aggregates, and recycling**. They excel at separating materials and produce clean, sorted materials ready for use or further processing.

2-WAY-SPLIT OPTIONAL*

- ✓ Produce 2 products by merging over-size and mid-size on the main conveyor
- ✓ Flexibility to handle more applications

* exact HS 3500M

FINES CONVEYOR

LARGE FEED HOPPER

Easy feeding with an excavator or wheel loader

MAIN DISCHARGE CONVEYOR

MID-SIZE CONVEYOR

LARGE VARIETY OF SCREENS

The scalper screen can be equipped with various screen media:

Top deck grizzly bars

Top deck punch plates

Top deck finger screen

Square mesh

STANDARD SAFETY PLATFORM

Trust your crew around the machine

EASY ACCESSABLE ENGINE

Wide access doors swing open, letting you stand inside the engine compartment for easy service at ground level

Optional HOPPER WING PLATES

Extended hopper wings to facilitate loading from the rear

RM HS3500M

MIGHTY SCREENING POWER IN A COMPACT DESIGN

"To keep up with demand, I added a screener to my business. Looking back, I wish I had purchased a screener sooner. It boosted our crushing production and cut our wear cost close to 50%."

BILLY TODD | 108 EXCAVATING LLC

SMALL, BUT POWERFUL SCREENING PLANT IDEAL FOR NEW CONTRACTORS STARTING OUT

The RM HS3500M delivers top-tier productivity and efficient performance in a compact design. Built for versatility, it excels in heavy-duty scalping and precise screening of materials like topsoil, aggregates, sand, gravel, mulch, asphalt millings, C&D waste, and more.

INCLINE SCREENS

FOR AGGREGATE PRODUCERS

You need to produce multiple products fast and reliably. The RM MSC-Series Incline Screens are high-performance screening plants for aggregate producers and sand & gravel pits. The proven screening plants feature large screening surfaces so that you keep up your high-capacity demands with small infeed material.

WET SCREENING CONVERT YOUR SCREEN INTO A MOBILE WASH PLANT*

- ✓ Rinsers kit includes plumbing, spray bars, & catch box
- ✓ Ideal for cleaning stone
- ✓ Works with most dewatering & after treatment systems
- ✓ Easy to convert to dry screen

*3 deck screens only

MAIN DISCHARGE CONVEYOR

QUICK WEDGE TENSIONING

Fast and easy change of screen cloths keep setup times to a minimum

MID-SIZE CONVEYOR

HYDRAULIC TIPPING GRID

Optional radio remote control

LARGE FEED HOPPER

12 yd³ feed hopper to accommodate most buckets

EASY CHANGE OF SCREEN MEDIA

Drop tail conveyor and screen-box to the ground for ease of access

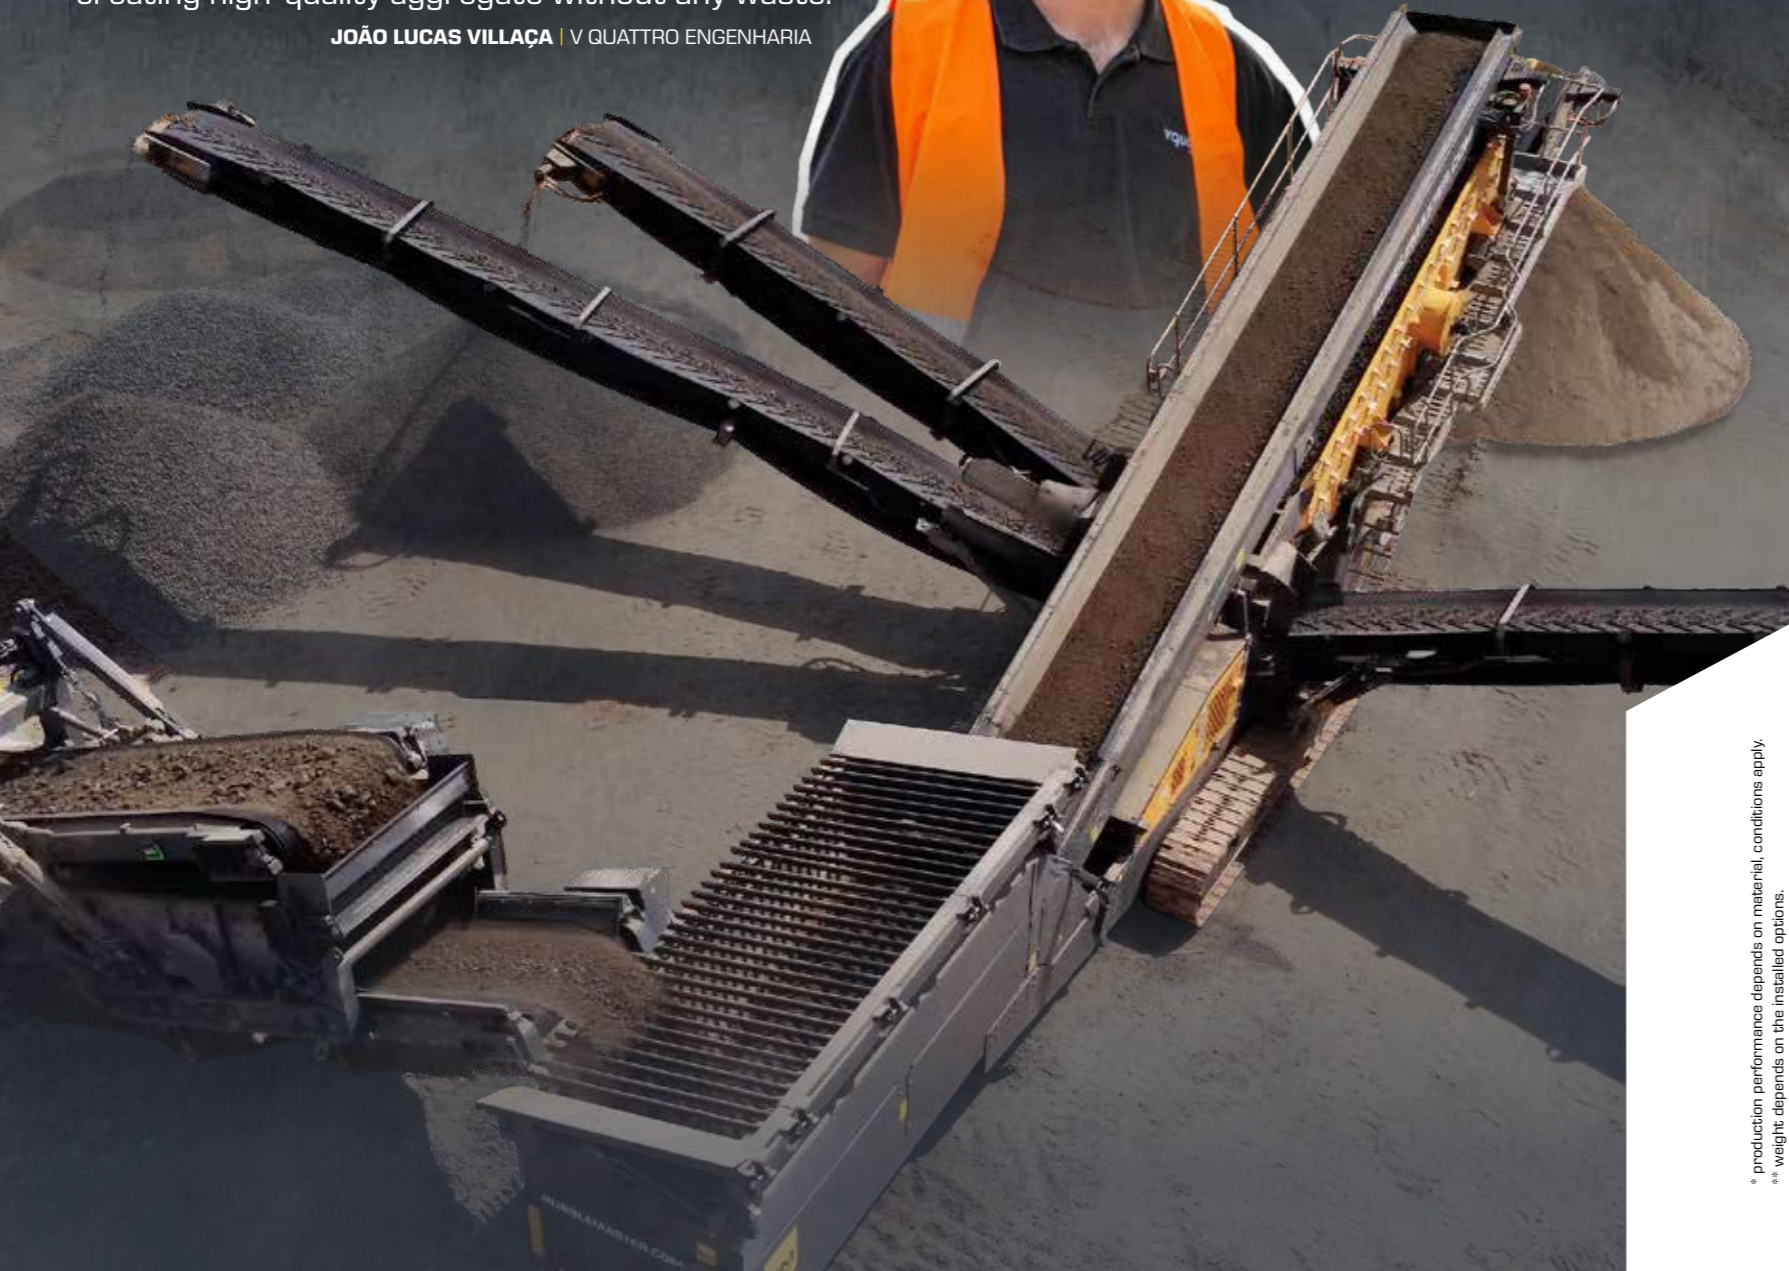

RM MSC8500M

GROWS YOUR EARNINGS WITH EVERY LOAD

"With the RUBBLE MASTER mobile crushers and the MSC8500M-3D screen, we've completely changed how we work. Processing the tough gneiss directly on-site has saved us so much time and money. Plus, we're creating high-quality aggregate without any waste."

JOÃO LUCAS VILLAÇA | V QUATTRO ENGENHARIA

MID-SIZED SCREEN FOR QUALITY RESULTS IN ANY MATERIAL

The RM MSC8500M Inclined Screen is a mid-sized aggregate screen with 2 or 3 deck options. Built for high production in soil, coal, aggregates, millings, sand, and gravel. It's designed for quick setup, a drop-down tail conveyor, and easy-access mesh screens for fast media changes.

EVEN THE BEST OPERATION WILL COST YOU IF YOUR LOADER CAN'T KEEP UP

It's a fact: stacking conveyors can replace your wheel loader, making your operation more efficient while improving your bottom line. Stacking conveyors can also transfer material from one machine to another which eliminates rehandling costs.
